To Whomsoever It May Concern

*This certificate of Excellence is issued to **M/S Futurex Technologies and Constructions Private Limited** towards appreciation of their efforts in executing the work "Construction of HPCL LPG Bottling Plant of 30 TMT Capacity at Amroha" within a very challenging time frame.*

M/S Futurex Technologies and Constructions Private Limited a work order of following items:

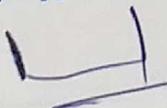

- **Plant capacity:** 30 TMT capacity
- **Area of Shed:** 1060 sqm
- **Size of Buildings:** 700 sqm
- **Area of Road:** 4600 sqm
- **Length of Boundary wall of Height 5mt above ground:** 725 rmt
- **Size of Water Tank of MS Plates:** 8m Dia and 8.75 m Height X 2 Nos.
- **Foundation for Storing LPG Bullets of Weight:** 84MT X 3 Nos.
- **Other Rain water Harvesting work etc.**

Scope of work includes work in the Challenging Marshy Land and low lying land below road. M/S Futurex Technologies and Constructions Private Limited came up with different ideas to save a lot of Earth Work by providing Rain water Harvesting solution for low lying land saving Crore of rupees.

The team deployed by M/S Futurex Technologies and Constructions Private Limited has proven to be extremely dedicated and resilient in as much as despite occurrence of several unforeseen hindrances, the project was scheduled to be executed in shortest possible time but currently stopped due to Lockdown of COVID-19. The highly experienced, efficient and motivated team appropriately planned various phases of project.

We express our appreciation towards M/S Futurex Technologies and Constructions Private Limited and would recommend them to other organizations who are in pursuit of robust, competent, cost effective and quality contractor.
