

HEALTH, SAFETY AND ENVIRONMENT POLICY

Futurex is in the profession of delivering projects and services to its esteemed Clients.

Futurex is committed towards maintaining the highest possible health, safety, environment standards on all project workplaces. Our efforts are to bring a culture in our team where every individual is genuinely & seriously concerned and committed to follow health, safety and protect environment in their all works whether at workplace or personal.

We are committed to keep our team updated on all safe practices and will continuously improve with trainings.
